

Production Operator – Beachwood, OH

Are you passionate about cutting-edge technology and making an impact in medical and industrial manufacturing? Join Ionbond as a Production Operator and be part of our innovative team specializing in advanced surface coatings. We're growing rapidly—now is the perfect time to join us!

Ionbond is a dynamic and growing industrial service company specializing in surface preparation and advanced commercial coatings. We work with customer-owned parts for industries such as aerospace, automotive, and general manufacturing, helping deliver durability, performance, and precision. This is an exciting time to join our team, as we continue to expand in a highly innovative and fast-evolving field. If you're looking to build a career with a forward-thinking company, we'd love to hear from you.

Ionbond – The Surface Engineers™

Ionbond provides advanced coating solutions for applications in the aerospace, medical, food contact, automotive, decorative, tooling and fuel cells industries. We offer a broad range of hard, low-friction, wear-resistant coatings based on PVD, PACVD and CVD technologies.

With 34 job coating centers in 15 countries in Europe, North America and Asia, Ionbond has one of the largest coating networks in the world. Ionbond is part of renowned Japanese industrial consortium IHI Group.
