

Production Supervisor, Night Shift – Madison Heights, Michigan

The Production Supervisor is a key hands-on position with responsibility for managing a diverse team of production employees in a PVD/DLC coating operation. The primary goal of this position is to provide the best service to customers by optimizing production schedules, properly organizing staff, and improving workflow. The best service is achieved by our people and therefore this key position has an important role to support, lead, train and inspire the production team. High quality, safety, compliance, on-time delivery, and customer satisfaction ensure that the correct Ionbond™ family of coatings and services are applied. This position reports directly to the Plant Manager.

Ionbond – The Surface Engineers™

Ionbond is a global, yet local acting, company where we work in a technical innovative environment. Our employees make a difference for companies in medical, automotive, aerospace and decorative industries with providing thin-film coating services. We operate over 30 coating centers in 14 countries over 3 continents. Our coatings are used to improve durability, quality, functionality, efficiency and aesthetics of tools and components. Ionbond is a global leader in PVD, CVD and PACVD coating technologies.
